

Do you have type 2 diabetes?

Would you consider participating in a clinical research trial to possibly improve treatment options for patients like you around the world?

PIONEER 8 is a clinical research trial evaluating a new investigational diabetes treatment under development

You may qualify if you:

- Are 18 years of age or older
- Have been diagnosed with type 2 diabetes for at least 90 days
- Are currently treated with basal insulin alone, basal and bolus insulin in any combination or premixed insulin.
- Are able to attend 12 clinic visits and answer 7 phone contact over a 14 month period

What are the benefits of being involved in the PIONEER 8 trial?

- Comprehensive care, including regular health checks and medical testing
- Access to trial medication and blood glucose testing equipment

This clinical research trial is currently recruiting volunteers.
