

Physician Opportunity

Vandalia, Ohio – Primary Care

A busy, successful family practice seeks a full-time family care physician.

Join a supportive, team-oriented professional staff that includes a physician and two nurse practitioners. The practice is characterized by an emphasis on long-term wellness, and time and attention devoted to each patient. Board certification is required.

This practice is recognized as a Level 3 Patient Centered Medical Home, and is part of the Dayton area's largest independent physician-owned provider organization. It's fully supported by ancillary services including COLA certified lab, cardiac testing, diabetes management, and a clinical research department.

Located in Vandalia, Ohio, the practice is convenient to the I-70 / 75 interchange and the suburbs of northern greater Dayton.

As part of Providence Medical Group, you'll enjoy:

- The rewards of being a shareholder in one of the area's major healthcare provider organizations.
- Full benefits and highly competitive earnings potential.
- A highly rated EHR system that's already in place.

Additional compensation opportunities are available through optional participation in operations, quality, process improvement and clinical leadership committees serving the parent organization.

For more details on this opportunity, or to email your CV, please contact Jamie Gibson at jjgibson@provmedgroup.com or (937) 297-8999.
